October 16, 2000.

 This application claims no priority benefit of application no.
60/240,088, filed October 16, 2000, which is incorporated herein by
reference.

10

FIELD OF THE INVENTION

 The invention relates to molds. More specifically, the
invention relates to molds for forming dental prosthetics. Even
more specifically, the invention relates to molds for forming
dental prosthetics that include top and bottom halves, and can be
15 used to ship the molded material used in the process of using
dental prosthetics to an off-site laboratory. The invention
likewise relates to a method of making a new dental prosthetic from
an existing dental prosthetic.
